### What OUR STUDENTS have to SAY !

*"The teaching faculty in Pinnacle is the best. The way they teach all theory subjects by using PPT slides makes it very easy to remember. The variety of sums they cover for practical subjects is amazing. I loved the study material provided by them, especially Law. All the doubts can be clarified during the class/ by asking the teacher at the end of the lecture or texting them if anyone is not comfortable asking it in front of many people. Love the way how the teachers teach by giving practical examples, it's learning with fun!"*

*“The professors at Pinnacle have done their best to ensure conceptual clarity. They were very approachable and never hesitated from solving our queries. The portion was scheduled and completed well in time. The prelim exams were also exactly held the way ICAI exams are, including the timetable and the paper pattern, which reduced my stress to an extent while appearing for the final exam. The papers were corrected and provided well before time, thereby ensuring that we understand areas where we are lagging or making mistakes. The notes were also very reliable and had language which was exactly expected of us by ICAI.”*
